## *JACKSON HALL*

### *"IN THE BEGINNING, GOD . . ."*

The past is filled with awesome memories of Northwestern. At the outset Dr. Riley, pastor of the First Baptist Church in Minnesota, was approached by seven enthusiastic people who desired a deeper knowledge of God's Word. They met daily for an hour of Bible study, and these sessions grew. Seven expanded quickly to thirty-five, and thirty-five grew until on October 2, 1902, the Northwestern Bible and Missionary property purchased was the Abraham Building, later known as "6 South" or "Fireside."

The school continued to grow, and additional classroom space was necessary, so the property between 6 South and Harmon was purchased. The erection of Jackson Hall on this property in 1923 realized a long-cherished dream. From 1824 until 1948 Jackson Hall was a Canaan land for students. These students came to be nourished, trained, and challenged for Christian service.

## *LORING PARK*

### *"THE MOVE IS ON, MY LORD!"*

The school prospered and reports of this work spread across the country. More and more people came to Northwestern for missionary training while the cry for evangelical pastors prompted the addition of Northwestern Theological Seminary. Still another voice was heard--young people were seeking college training under Christian leadership. Dr. Riley, again, sought God's leading, and the result was a College of Liberal Arts with a Christian faculty. Dr. Riley had seen the average American college produce skeptics rather than believers; "Education for Christian Leadership." The schools grew rapidly, and God gave Northwestern a beautiful new campus overlooking Loring Park in downtown Minneapolis. There, Memorial Hall was constructed and dedicated. Before Dr. Riley passed away on December 5, 1947, he had the pleasure of seeing the construction of the Memorial Hall completed. The facilities continued to expand and in 1961 construction of a new library began.

The school at 50 Willow Street was more than bricks and books. However, life at Loring Park was exciting. The dorms were truly homes away from home, and there were the "clowns", athletes, and the "preacher boys" in every class, but each class also had its own particular flavor of personality. One mischievous tradition at Northwestern was the initiation on the freshmen class. The new students faced this as an entire week of trials. They dressed in outrageous fashions and wore beanies as insignias of their rank. There were significant academic achievements as well. For example, an a cappella choir, and speech and debate departments were newly established. Northwestern had six student residences, and each was the site of many treasured moments.

From 6 South 11th...to Jackson Hall...to 50 Willow...there were different buildings, but the same purposeful education! The leaders also changed, but they served the same Savior!

Northwestern Schools had a reputation for scholarship, fellowship, and service. Its students were welcomed in the pulpit, professions, and mission fields of the world. The devoutness of its programs, and the excellence of its standards combined to create the tradition of Northwestern College.

## *NAZARETH AND RILEY HALL*

### *"THERE SHALL BE SHOWERS OF BLESSING."*

At the end of the Loring Park era in the mid 1960's, Mr. Bernsten became the president of Northwestern. God put within the new presidents's heart the vision for a continued and expanded Northwestern College. In response to the prayers of God's faithful children and the dynamic leadership of the College, a miracle took place on November 23, 1970, with the purchased of the new Roseville-Arden Hills campus. As the remodeling began on the splendid new facilities, there persisted a tenacious belief on the providence of God.

The Lord had given to Northwestern ninety acres of beautifully wooded land. It lay secluded along the shores of Lake Johanna. Included on the campus stands a beautiful chapel on an island which is accessible only by a foot bridge.

PRESIDENT

Northwestern, today, is unique. In time of failure for other colleges, God has raised up Northwestern as a public testimony of the matchless grace of Jesus Christ. He has brought approximately two hundred and twenty students from around the country to comprise a remarkable freshmen class. The splendor of the Romanesque architecture is a mere reflection of what Northwestern really is. Northwestern is filled with enthusiastic students who are affecting the world for Christ. Through an outstanding, dedicated, consecrated faculty, these students are being shaped into God's instruments.

Northwestern is much more than a college in the traditional sense. It is filled with evergrowing opportunities through the KTIS radio ministry, conference facilities, and convention center. Certainly Northwestern is the only college of its kind in the United States.

Northwestern is a solidly evangelical school, because it was firmly established upon the eternal, infallible Word of God! With this foundation the college has enjoyed the faithful leadership of godly men. As the songwriter has said, "It's a new hour; it's a new day; it's a new visitation in a new, new day; Revealing the Father and teaching God's sons; Changing God's people and making them one!" And Northwestern, today, finds strength, identity, and purpose in this heritage.

# *THE 1973 SCROLL — IN DEDICATION TO JESUS CHRIST*

In the beginning was the Word, and the Word was with God, and the Word was God. He was in the beginning with God. All things came into being through Him; and apart from Him nothing came into being that has come into being. In Him was life; and the life was the light of men. And the light shines in the darkness; and the darkness did not comprehend it.

There was the true light which, coming into the world, enlightens every man. He was in the world, and the world was made through Him, and the world did not know Him. He came to His own, and those who were His own did not receive Him. But as many as received Him, to them He gave the right to become children of God, even to those who believe in His name: who were born not of the blood, nor of the will of the flesh, nor of the will of man, but of God.

And the Word became flesh, and dwelt among us, and we beheld His glory, glory as of the only begotten from the Father, full of grace and truth.

# ASCENDANCY

A christocentric desire instilled deep within challenges President William Bernhard Berntsen to a higher ideal in every aspect of his life. Establishing a sense of perfection in all things while sacrificing all, yet he accepts nothing but the best to obtain a greater "unconscious efficiency" in serving his Lord.

In 1934 Mr. Berntsen entered Moody Bible Institute with only a mother's prayer and desire for his life. Not long after this, while sitting at an organ (musicology was his major), the young Mr. "B" finally said, "Yes Father," and went on to learn the real meaning of "being crucified with Christ", (Gal. 2:20). He has been with Northwestern since heeding the words of Dr. W.B. Riley, "You are God's man". In 1965, he became the president and began the work of a learning atmosphere centered in Christ. Looking closer into his personal life, we find a man who loves the out-of-doors, skiing being his particular secret passion. Mr. "B" loves excellent food served well, yet at home his culinary habits change occasionally, and he snacks on a favorite: peanut butter and celery. A scholar, a husband, a colleague, and a father. Mr. "B" is all of these and even more, he's a friend. It's our turn to say, "we at Northwestern are glad you are here."

## *"He Hires, and He Fires"*

I Timothy 6:17, "Trusting in the Living God," is the verse by which Dr. Stave, Northwestern's own Dean of Education, guides his life by. "I enjoy every part of life that is glorifying God," states Dr. Stave. His interests range from apple pie, to pot roast with potatoes and carrots, to playing tennis and musical instruments (such as the organ, piano, accordion, and musical glasses). Dr. Stave spent four years as a missionary in India, teaching at the Union Biblical Seminary, and is greatly interested in world evangelism and support for national missionaries. Dr. Stave came to Northwestern through the influence of Mr. Benedict, Dean of Students. He says, "I'm thrilled to pieces to be at the edge of the most exciting Christian Institution in America - there is so much potential here."

"What was it that you were looking for?"

## *He Counsels,*

Dr. Robert Posegate, Registrar and Director of Admissions, is a soft-spoken servant of our Lord. Many hours of devotion have been dedicated by this man to His service. His vision is that of a more desirable pattern of Christian Education that would not separate vocational and biblical occupational skills. In everything he does, he is loyal to "do all to the glory of God" - I Corinthians 10:21. Without a lot of words he receives our respect. When describing Wayne Benedict, one is always quick to include his large radiating smile. "Uncle Wally" as he is better known to his students, serves as their Dean. A spiritual man who seeks to serve, he always knows how to adequately combine pain with pleasure. But his words are always taken in stride, and with a pizza under arm, he will turn to his students and smile - reciting a favorite saying: "Amen Pancakes!" Our heart goes out, in love, to you, Uncle Wally.

## *He Registers —*

It is a rare thing to see Mr. Benedict not smiling, but at these times, he is seeking a solution to serious questions.

## Office Help

Mrs. Buckles (Faculty Secretary)  
"a smile speaks a thousand languages."

Many faces, many hands, and many jobs to do.

How do you describe the Nazareth secretaries? Mrs. Buckles could be our Whistling Gypsy. Mrs. Bennedict, with all her knowledge of affairs, could be the "Deaness of Education". Marge Krause's cheery antics help keep Dr. Posegate's office in line. Got a question? Mrs. Currie has a helpful solution. With a whistle dangling from her neck, Barb Lindman moonlights as registrar. Becky Kramer and Sandy Kordick help even the load. These are the Nazareth secretaries.

# Northwestern's "Literature" Corner: "Tom" and "Harry"

Lined up for a job, Mr. "A"?

Mr. Harold Allford came to Northwestern as the Business Manager after 25 years in wholesale service. He has been with Northwestern for 12 years. Mr. Allford's goal has been, "To be a part of the solution and not of the problem."

Mr. Tom Johnson, Director of Campus Activities, is seen as always on the go. Mr. Johnson came to Northwestern in the summer of '72. "God put me here in the right place at the right time." If Mr. Johnson had one word to say, he'd say, "Give me some help!"

"Great Expectations"

"To be or not to be; that is the question."  
Tom Johnson

"...Holds that a man cannot have a pure mind who refuses apple-dumpling. Only I stick to asparagus, which still seems to inspire gentle thoughts." (---Charles Lamb)

## *"Buckles and Beals"*

Mr. Richard Beals, a pastor for over twenty-five years, and a manager of a major oil company, now holds the job of Alumni Director and College Stewardship Development. He feels that as a pastor he was relating to the same people year after year. Working at Northwestern provides Mr. Beals the opportunity to reach hundreds more for Jesus Christ. Mr. Beals' hobbies include hunting and fishing, and getting as far away from telephones as possible. Also Director of Stewardship Development, is Mr. Lloyd Buckles, a former student of Northwestern. Mr. Buckles joined the Northwestern staff in 1951. It has been said of Mr. Buckles, "His greatest satisfaction in life is to help out others." When Mr. Buckles is not helping out, he does wood projects and eats Hungarian goulash.

You mean you never heard of "Mosses and Liverworts"?

## *The Heads Behind Athletics . .*

"Have you tried to land a seaplane on dry land? That's interesting!" Said Mr. Duane Christopherson, the athletic director.

In his High School days, Mr. "C" trusted Christ as Savior after seeing God's vivid change in his brother's life. Mr. "C" came to Northwestern bringing with him years of coaching and teaching experience.

What does he do for fun? How about bow & arrow hunting, painting, and sleeping "army style"- 9:30 p.m. to bed, 4:30 a.m. up-and-at-'em.

## *And Music*

Dr. John Benham (Son of ham?), arrived at Northwestern in 1971, and became the Director of Music. Dr. Benham's leading to Northwestern was not like a "Lightning bolt" from the sky; his calling was a process of direction over an extended period of time. When Dr. Benham is not organizing Northwestern music curriculum, he is engrossed in music instrument repair and care. It is not uncommon to see Dr. Benham wandering down the hall shaking his head and muttering, "Oh brother!" As for Dr. Benham's aim in life, he has no astronomical goal. To live day by day, with long-range plans in mind, is the "goal" of Dr. Benham.

Good health and effective studies go hand in hand. Evangeline Lindquist helps to keep it that way.

## *Health, Mind And Body*

Our head librarian, Mary Lou Hovda, known for her smiling face, has worked as an assistant at Northwestern from 1964 to 1967. In 1966, after completing a Masters Degree in Library Sciences, she celebrated her graduation with a trip around the world. She is a great friend and help to all Northwestern students. Working with her are Bernice McKean, Mrs. Currie, Kathy Kunkle and four student assistants.

Our nurse, Evangeline Lindquist, attended the Swedish Hospital School of Nursing and the University of Minnesota. She received her Bachelor of Science and also her R.N. Degrees there. Previously she worked as the nurse director at the Health Service at Moorhead State College. This is her first year with Northwestern. When Evangeline Lindquist isn't busy taking care of patients, she enjoys watching bird life.

Bulletin to all Northwestern inhabitants: the White & Hanson Henchmen are on the prowl, and are armed with weapons disguised as kitchen utensils and maintenance tools. Already this gang has absorbed over 20 students and will undoubtedly abduct more.

Archie, the gang's building superintendent, appeared on the scene 10 years ago; while Paul White, the food service director, left the "Holiday Inn Bunch", to join Archie in January of 1972. These people are dangerous. Beware of their winsome smiles.

## *In The World, And On The Field*

"If you were on trial for being a christian, would there be enough evidence to convict you?" Thoughts for your soul seem to come from Dr. Hartill anytime you need a lift. He received his B.A. from Muskingum College in New Concord, Ohio. Graduated from NW for his B.D. degree. Dr. Hartill has been teaching at NW since 1944. He has hidden talent; he is an all around musician and loves dramatics. Every student is his pride and joy. He takes a personal interest in everybody's affairs and he cares.

Who would know better the difficulties involved on the Mission fields, than one who has been there himself. Mr. Hagstrom comes to us with not only a B.A. in Philosophy and Psychology, and a B.Th. & B.D. in Classical Language, he also comes with 21 years service on the India mission field. If filming is your interest, Mr. Hagstrom has some experience in that field, too.

"And it came to pass..." Dr. Hartill is never without a cheery word!

## Acting On Proper Grammar

Northwestern has brought together superb talent for its English and Drama Department. Dr. Irene Woods has been with Northwestern for many years. She completed her Ph.D. in 1971 after long years of hard study. Within her person, there is a great wealth of knowledge and kindness. Mr. Frank Currie came to Northwestern from Trinity College in Deerfield. His teaching abilities range from English to Bible. A graduate from Bob Jones University, and the Wheaton Graduate School of Theology, Mr. Currie has "bits of wisdom" from all parts of the States. Friend, counselor, and example - this is Mr. Currie. The newest arrival on Northwestern's English staff is Judy Madson. Her creative approach to teaching has given a new light on English. Judy is vitally concerned with the individual as a whole person in Christ. Her warmth is easily felt. Mrs. Carolyn Greene is the director of the speech and drama department. She is well versed in writing, acting and speaking. The play, "Queen of the Stars", produced this year by Northwestern, was one of her original compositions. She received her Masters from the U. of M. Each one has been an answer to prayer.

"Simply 'radishing'!" quotes Judy Madson.

Quotations from Currie?

Dr. Lyle Faurot - College Mathematics

Mr. Kurian Parayil - Economics and Social Sciences

"God's running the show for the future," says Mr. Lyle Faurot, our Math teacher. Coming directly from the U of M, he was introduced to Northwestern College through Paul Ramseyer. He enjoys playing with electronics and being outdoors. His degrees are B.A. Bible from Grace Bible Institute, B.S. and M.A. Industrial Education, and PH.D. Ed. from U of M.

Mr. Kurian Parayil is a part-time economics teacher. "I admire after Christ, as a model." Mr. Parayil is from India and came to America in 1967. His degrees are M.A. Economics from the U of Bombay, B.A. Accounting from Bombay, M.B.A. from Waynes State from the U of Mich.

Mr. Ray Ward, a graduate from Moody Bible Institute (Christian Ed.) and the University of N. Dakota (B.S. and M.S. in Business Ed.) teaches part-time in the Northwestern Secretarial Department, and full-time at Anoka Ramsey State Junior College.

Would anyone like to try?

Lewis Munn - Radio Broadcasting

Paul Ramseyer - Radio Broadcasting

Already known through voice as close friend and companion, now known through sight as teacher as well. He is known to friends and co-workers as being a very friendly and easy to work with man. Paul Ramseyer, manager of Northwestern College Radio, is a graduate of Northwestern University, Evanston, Ill. with a B.S. degree in Speech.

Lewis Munn, instructor in Technical Broadcasting, is known for intellectual humor and Mad magazines. He is a near genius in almost every field and is known for his excellent typing skills.

## History In The Making

"Celebrate the being right and the doing right of your heart," states Mr. Charles Herman. Mr. Herman's position at Northwestern is assistant Professor in Social Science. Mr. Herman has had various jobs from road construction to popping popcorn. His hobbies are tennis, collecting Indian artifacts, and spear heads. He is a thought provoking and stirring instructor backed by the following degrees: Bible in Missions and Christian Ed. from Moody Bible Institute, B. A. from Trinity College, M. A. from U of M and presently a PH. D from U of M.

Reverend John Bronner has had an interesting past. Born on a North Dakota Homestead, John Bronner soon learned how to manage for himself. For 25 years he owned and operated Bronner's Exterminating Co., as well as managing or assisting in administrative staffs in various hospitals and nursing homes. John Bronner attended Northwestern Bible School, Seminary, and College. After his ordination, Reverend Bronner served in many churches, and began a "church planting" program. He loves to work, leaving himself little time for his favorite hobby - hunting. Along with his list of accomplishments, John Bronner has received Northwestern's award for being the "Greatest Nut on Campus."

Mr. Christopherson - looks like he loves this place.

"The greatest experience, next to conversion, is coaching in a Christian College." Mr. Christopherson, Phy. Ed. instructor, Basketball and Baseball coach, and Media Service director received his BA and MA in Science from St. Cloud State. Since then he has taught and coached a variety of subjects in schools across the state. Northwestern has become the embodiment of his "long-time ambition." One day you may see a blue bomb go running by-no doubt it will be Barb Lindman, the Phy. Ed. instructor and coach for women. She had an exciting past while growing up in the Alaskan Mts. She attended Bethal College (BA) and the U of M (BS). She loves interior decorating and is addicted to skiing and nice weather.

How can so much power come out of such a tiny mite? That is what the Gentile Nations asked of Israel, and Israel became the primary instrument of God. In between "Chinka - Chunkas" and gulps of Coke or tea, Miss Lynes is exciting company and fellowship.

"Garbage."  
"What?"

"It's enough to rot your socks." Oh. Dr. Benham is musing again. Not only does Dr. Benham coordinate the Music Department, he also directs the Northwestern Band and Concert Choir, and teaches studies related to the World of Music.

Mrs. Posegate, the wife of Dr. Posegate, director of admissions, has become a major influence on our campus. She patiently instructs in the art of organ and piano her numerous students. Coupled with the chapel's beauty Mrs. Posegate's music provides an atmosphere of awe and reverence. But her talents do not end there. In her "spare time" she composes and arranges many pieces, one of which the women's choir is presented. It would take many people to replace this one woman.

Timothy Johnson is seldom seen but frequently heard, as he artistically strums away at his most prized possession- his guitar. He has taught private lessons since 1969 in Wilmar and Minneapolis. He was involved in Youth for Christ's music group, the Contemporaries, for two years. He has now started a new group, yet unnamed, that ministers through contemporary music. He is now attending the U of M, majoring in guitar. Mr. Pappas, who played for some time with the Duluth Symphony, teaches woodwinds part time at Northwestern. He got his Bachelor of Science at the U of M, in Duluth, and went on to obtain his Masters of Music Education at the University of Indiana. Mr. Pappas now teaches woodwinds in the Fridley Public Schools, and gives private lessons here to our students.

Mr. Pappas persuades perspective players to prolong practice.

Susan Peterson is a part time instructor at Northwestern. She attended Bethel (BA), and is attending the U of M to receive her Masters, which she will complete in June. Mrs. Peterson teaches piano lessons for Northwestern students. Her love for life and hobbies, "are too numerous to mention."

## *The Gift*

Her eyes glittered, like the overhead tinsel, with open curiosity as she peeked over the top of a laden shopping cart. A tall slender sales clerk smiled down at her upturned, elfish face.

"Whatcha doin'?" the little girl asked.

"Oh, I'm re-arranging shirts," answered the clerk.

As the child continued to question her, the clerk's thoughts riveted heavenward, not in frustration, but in an earnest desire for added wisdom.

"How, Lord? How can I tell this child about your Son, Jesus? How..."

"The Devil doesn't like Christmas, does he!"

Silence hung heavy as the shock of the child's unexpected words penetrated the clerk's prayer.

"Thank you, Jesus!" she breathed. "No, Satan doesn't like Christmas. But you know, he hates one thing even more."

"What's that?" The child stared in expectation.

"Satan hates Easter even more."

"Why?"

"Because that was the time when Jesus died for our sins and came to life again. The Devil doesn't want us to remember that."

Another flood of "whys" rained down on the clerk. Slowly, carefully she told the little girl the "Good News" of Jesus Christ, and why He came at Christmas time. They talked together for only five minutes before the child disappeared into the surging crowd. It was enough. A seed was planted in the heart of a child; a new "leaf" of faith appeared in the heart of the clerk. Prayer had been answered.

What kind of adjustments do you have to make in coming here?

## *Northwestern's "Moonlighting"*

Northwestern College Evening School has been with the college for "many moons." It began as a supplementary feature of the school not long after the college opened. Over these years, the evening school has developed into a spring-board for prospective students to the college, and a back-up course for lay and church officials. The school offers a credit in the Evangelical Teacher Training Association Program (ETTA), where conscientious Sunday School teachers

are able to reinforce their lessons and their own knowledge. Also, through Northwestern's Night School program, a diploma in Bible may be obtained. This course is a standard Bible course based on three years of study. One cannot forget the help the night school gives to full time Northwestern students.

Located on the college campus, Northwestern's Night School is an easy access for the metropolitan area. For a minimal cost, one can take courses in classes varying from "Understanding Teaching", to the "Doctrine of Angels, Man, and Sin", to "The Occult". Each class has at its head a capable instructor, such as Victor Ernest, Barry Jones, Dalton Myers, and Gary Clatterbuck.

To make sure that all goes well, Northwestern has appointed J. Edwin Hartill to be the Dean. Every Monday night, Dr. Hartill sees that the classrooms in Riley Hall are set for class. All is to be in order. When 7 o'clock and 8 o'clock roll around, classes begin for many students, who recognize the needs of the Christian community for skilled, efficient workers.

# Northwestern's Christian Ministries Past And Present

Christian Service "Funds"

Northwestern's Christian Ministries have seen many different faces, in many different places.

Christian Service Directors: Past and Present.

Northwestern has had a long, successful history of training in Christian ministries and service. Mr. Frank Bass, the director for 16 years, was succeeded by Reverend John Bronner. Reverend Bronner, Northwestern graduate of '44, has sent each "Eaglette" on their debutante flights to various Twin City areas. Each little Eaglette has made his own "nest", whether it be in children's work, coffee houses, nursing homes, prison visitation, or in choral work; "All for the glory of God."

Members of the Student Missionary Fellowship.

*"Saturate Northwestern  
College With Prayer"  
(Eric Frychenberg)*

"Pray without ceasing."

Past and present, Northwestern has heeded Paul's inspired admonition to pray. Prayer is the life blood of the students; it is the great unifying power that ties us not only to God, but to one another. Among the student body are those whose hearts are especially burdened for the missionaries. Together they have formed the nucleus of the Student Missionary Fellowship. It is not an organization, but rather it is the voice of God's Spirit as He reaches out to those who are lost; those whose hearts are heavy and hurting.

"Bearing one another's burden's."

## Speech Club: Alias, "What's My Line?"

Speech Club discusses action plans with Mrs. Greene officiating.

Rule #2: Speak SLOWLY and CLEARLY.

Though they got off to a slow start, the Speech club has begun a full schedule. Mrs. Greene, the Drama and Speech director, has begun a program of choral reading, plays, and debate. The talent is great, the times are available.

The first major work was the drama, "The Queen of the Stars." Mrs. Greene looks forward to an active debate league, that would participate with other schools. Already speech members have entered contests where they won recognition. Speech - a good thing to look forward to.

Rule #1: Never, never, never JUMP to conclusions!

Rule #3: Practice before a sympathetic audience.

## *From Us — To You*

To define a past's year's work is something that is considered next to impossible with any degree of accuracy and due credit. So it is with this we, form a mutual respect for those of the staff who so graciously surrendered their time and talents to the SCROLL. The

job was large, the staff was small, the time was short-and yet together it is with delight we present this edition. We offer it with the confidence that it will be received with the same measure of pleasure it is presented.

## Past And Present Students Are

Ever and always ...  
GO!

Busy, busy, busy,  
busy, busy, busy,  
busy, busy.

Words to live by.

Never a moment to reflect.

Be careful, young man. Dr. Benham might hear those tones.

I just Don't know when I can get it done!"

The night before finals, and all through the dorm ...

Beginning a new school is not an easy job, as the Student Senate has found out. A new Constitution must be written; committees must be formed involving activities and budget; leadership must be taken when adding that special touch to a gathering, or ironing out "wrinkles" in administration - student communication. It is a huge job.

Officers are: President- Ken Carlson; Vice-President- Jim Sayer; Senators-at-Large- Bill Maclear, Merlin Lindeman, Craig Benedix, Laura Meinhardt, Dave Malley; Bob Knaus- "N" Club; Dan Theobald- Concert Band; Suzanne Schoepf- Mixed Choir; Carolyn Gilbert- Women's Choir; Diane Regehr- Speech Club; Becky Hadley- Scroll.

That special touch.

How can a young man keep his  
way pure?  
By keeping it according to Thy  
word.  
With all my heart I have sought  
Thee;  
Do not let me wander from Thy  
commandments.  
Thy word I have treasured in  
my heart,  
That I may not sin against  
Thee...  
I will meditate on Thy  
precepts,  
And regard Thy ways.  
I shall delight in Thy statutes;  
I shall not forget Thy word.  
(N.A.S.)

A black and white photograph of a forest. The scene is filled with numerous thin, vertical tree trunks that stretch from the bottom to the top of the frame. The ground is covered in a thick layer of fallen leaves and low-lying vegetation. A path or clearing is visible in the center, leading the eye towards the background. The lighting is soft, creating a dappled effect of light and shadow across the forest floor and the foliage of the trees.

My path was dark  
But well-worn  
Where it led, I did not know  
Nor care.

But then there came a  
Snag.  
And I fell.  
Down, I turned...and began  
the Light.

I left my path to take a more  
narrow One.  
The one to the Right. Though  
sometimes  
It's harder to stay on that  
Path,  
At least I have the Light.

Fall quarter at Northwestern found a certain number of students scurrying to and fro in preparation of their first performance, *QUEEN OF THE STARS*. The production, written and directed by Mrs. Carolyn Greene, was well received by the enthusiastic crowds which attended. The future looks bright for the drama department at Northwestern. Courses are being planned, along with more productions in days to come.

The Northwestern Concert Choir has had a very promising first year. Forty members were selected by audition before the music faculty. Under the direction of Dr. Benham, the Concert Choir has worked hard to present a fully rounded repertoire in the best possible way. They have given concerts at school, during chapel services, and throughout the Twin Cities. Derivative groups also make frequent appearances at banquets, chapel, and on radio broadcasts.

## Northwestern College Women's Choir

In preparation for various church concerts, the twenty very talented voices of the Women's Choir, or, unofficially, "The Joy Delegation", rehearsed pieces from the whole spectrum of Christian music. Selections from Bach to Don Wyrzten were performed with excellance, under the direction of Miss Ruth Lynes.

The choir's accompanist for fall quarter was Mary Uran; presently the accompanist is Rachel Wisely. The Choir officers are as Follows: President-Carolyn Gilbert, Vice President-Becky Hadley, Secretary-Marianne Ausink.

## *How to Form a Sextet*

On February 7, 1909 at a small studio in downtown Minneapolis, a microphone was opened for the first official "Sign On", and KTIS began broadcasting. Dr. Billy Graham's program was the first message uttered over that microphone. The conclusion of that prayer marked the beginning of a new era in gospel radion broadcasting...

## *... and the Days to Come*

Today, expansion has moved KTIS to A.M. and F.M. dials all across the Northwest. Having outgrown the small "Brown-closet" room, KTIS now has an entire wing of Northwestern's Nazareth Hall. Thousands listen each day, and the numbers are yet increasing. Even more important, people are realizing the realities of a living God through this ministry. We, of the college, tip our hats to you, KTIS.

The season held much for the team, but much more was unseen by most. As an outreach for Christ, believing their witness is spoken in more ways than verbally pronounced, their actions played a great role both on the court and off. Prayer was a usual partner to the laughter and gaiety of locker-room scenes, and it was to this they feel the satisfaction of a year filled with success, one step beyond the usual emphasis placed on point-standings and number of win/losses.

For a moment we wander back to those days when Sunday afternoons brought to mind what we would now consider an athletic event. The quiet games of ball set in a world where there was no word like hurry in the vernacular. The serenity causes us to desire a taste again of those days of old, and with them, their enchantment and delight.

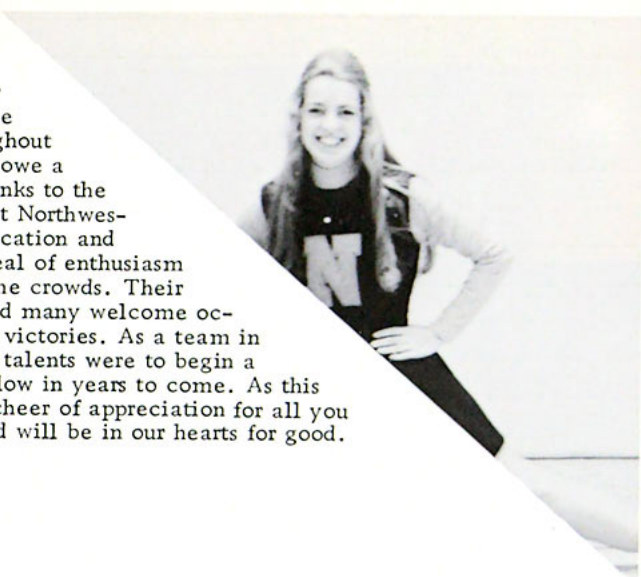

The feminine touch is always appealing to the sport fan, and there was no exception to the rule this year at Northwestern. Our girl's Basketball Team took an attitude of second-to-none, and excelled in every game. They truly proved themselves again and again.

A regular part of the team throughout the year, we owe a great deal of thanks to the cheerleaders here at Northwestern. Their own dedication and spirit sparked a great deal of enthusiasm with the team as well as the crowds. Their hard work and efforts provided many welcome occasions to applaud out team to victories. As a team in themselves, the many individual talents were to begin a rich tradition for cheerleaders to follow in years to come. As this year draws to a close, it is our turn to cheer of appreciation for all you have done. The excellence you displayed will be in our hearts for good.

Linda Holli Pam Kathy Belinda Kris

Our wrestlers this year faired an unfortunate season of injury. Though every effort was made to carry on the tradition, the season ended midway, and the team dwindled to the four pictured. FROM TOP LEFT TO RIGHT, Bob, John, Merlin, and Clyde, a heartfelt thanks!

The smiles reflect the pride Christian athletes here at our school feel. Each takes pride in his field, and each has the confidence of being part of the best. As Christians too, a certain sort of pride exists because each has the knowledge he is playing a game called life for a coach second to none in the entire Universe Conference. "The highest level is our goal."

Coach Christopherson

Coach Benedict

Coach Lindeman

Winter always brings its joys, and with the first snowfall, the skiers will make their debut. In our recreation classes many found their dreams to be suddenly disaster with the sore muscles and running noses that are a part of winter activities. Skiing, sledding, and skating all played a part in the total program. In the end, many found they were not as glad as thought they would be, but all felt they got the most out of winter, at least those learning the new sports of ski and skate.

"A day in the life of a gymnast is like a day that is treasured by the old."

Baseball season is only now beginning, and so we turn to a small representation of our equipment to display the seriousness with which the team will lend itself this year. The instruments that singly cannot help, but together make for a sport that has become the past-time of over a million Americans every year. Here at Northwestern, we seek to continue that well established tradition.

#### BUILDING TOGETHER TOWARD A CHRISTIAN EDUCATION

Speaking on behalf of Rauenhorst Corporation, its employees, its suppliers and its subcontractors, we were pleased and honored to serve Northwestern College as design and build contractor for a part of its revitalized growth and development program. The administration, the supporters and friends of Northwestern College are to be congratulated for their unceasing dedication to excellence in Christian education. You have our warmest wishes for continued success.

Sincerely,

## *Things And Stuff!*

A black and white photograph of a church interior. The view is from the back of the sanctuary looking towards the altar. In the foreground, rows of dark wooden pews are visible. The altar area is a raised platform with a white cloth. Behind the altar, a large, simple wooden cross is mounted on a wall made of dark, rectangular stone tiles. Above the altar, a large, arched opening in the ceiling allows bright light to enter. The ceiling itself is a dome with a patterned design. A chandelier hangs from the ceiling. On the right side, a large, ornate column is visible.

Now I have given up everything else-- I have found it to be the only way to really know Christ and to experience the mighty power that brought Him back to life again, and to find out what it means to suffer and to die with Him. So, whatever it takes, I will be one who lives in the fresh newness of life of those who are alive from the dead. I don't mean to say I am perfect. I haven't learned all I should even yet, but I keep working toward that day when I will finally be all that Christ saved me for and wants me to be.

No, dear brothers, I am still not all I should be but I am bringing all my energies to bear on this one thing: Forgetting the past and looking forward to what lies ahead, I strain to reach the end of the race and receive the prize for which God is calling us up to heaven because of what Christ Jesus did for us.
